Hi Connie,

Thank you for getting back to me so soon and sending the updated course outline. Your Real Estate Appraiser Continuing Education Course Application for "2020-2021 7 Hour Equivalent USPAP Update Course" has been approved. I will add your corrected timed course outline to your existing application. You will be receiving a confirmation letter by mail.

Thank you,

Kristal, Department Analyst

Hi Kristal.

I apologize. I reviewed the document that I sent you and realized that it was not the correct document. You will notice that there are several errors in the document that I originally sent. It was not the final document, so I am not sure how we got that mixed up. Regardless, I am attaching the final document, which I believe has 39.52 minutes of video and I think that just makes it.

Also, for ease of figuring I have added a column to the outline that reflects the number of seconds of video with a total at the bottom divided by the 60-second (minute) increments to show the total number of minutes. I think there may be some confusion regarding totaling the time!

Again I apologize for the confusion. Please let me know if you have any questions or if anything further is required.

Thank you so much for your time.

Stay well!

Good Morning,

Thank you for getting back to me. I reviewed the timed course outline again. When I added up the video content time, it equaled 31.41 minutes and the time for reading and quizzes was 315.985 for a total of 347.395, just short of the 350 minute minimum requirement. Are there any videos missing from the outline that should be listed?

Best,

Hi Kristal,

The 316 minutes includes the time for reading and quizzes. There is an additional 34:44 minutes of video content for a total of 350:44.

I attaching the timed outline here.

Please let me know if you have further questions.

Good Afternoon Ms. Covey,

Thank you so much for your patience. I just reviewed your application "2020-2021 7 Hour Equivalent USPAP Update Course". The only item on the application that needs to be corrected is the timed course outline.

The course must last for a minimum duration of 350 minutes or 7 hours, based a 50-minute classroom hour. The current course outline lists the total classroom minutes as 316.0, and when calculated equals 315.985. Once the timed course outline is corrected, please submit the outline in response to this email. I look forward to your response.

Thank you,

**Subject:** Online USPAP course approval

Hello,

I hope you and yours are safe and well.

I understand that responsibilities and duties may have changed and that things are likely a bit chaotic with all that is happening in the world today, however, I am trying to ascertain the status of the approval application that was sent for our online version of the 7-hour USPAP update course.

We have appraisers in your state that are attempting to complete their education online and would like to be able to offer them the courses that they need.

Again, I understand that you may be swamped are working to complete things. When you have the time please update me on the status of this application.

Thanks so much for your help.

Best to you and yours.
