EDUCATION PROGRAM APPROVAL

The Board has approved the course listed below for credit toward continuing education requirements for certified real estate appraisers, broker appraisers, licensed appraiser trainees, and certified Pennsylvania evaluators.

If the approved course is the 7-hour National USPAP Review, or its equivalent, approval is contingent upon the course being **taught by an AQB certified instructor** who is also a certified appraiser. If an approved 7- hour National USPAP Review course is not taught by an AQB certified instructor who is also a certified appraiser, the regulations of the AQB and the Appraisal Subcommittee prohibit the Board from granting continuing education credit to any individual who enrolls in and completes a course without a qualified instructor.

Your approval as a provider of education may be withdrawn for violation of the standards for provider approval at 49 Pa. Code §§ 36.242, 36.243.

Beginning July 1, 2003 as a condition of renewal Pennsylvania requires certificate holders to complete, the seven- hour national USPAP course and a minimum of two hours on the Real Estate Appraisers Certification Act, regulations and policies.

You are required to submit an application and fee for approval to continue offering this course after the expiration date listed below. You are required to submit an application and fee for approval for any changes to course outlines or subject content changes for those courses previously approved by the board.

Enclosed is a "Certificate of Completion" form. You may duplicate this form as needed. As an approved Education Program, you are required to complete the form for each individual upon successful completion of the course when being submitted for continuing education credit. The "Certificate of Completion" form will not be accepted if the course is taken for Initial qualifying education.
